Samic Optima Bronze SAE 15W-40 CG-4

High Performance Multigrade Diesel Engine Oil

Product Data Sheet

Product Description & Main Application

Samic Optima Bronze SAE 15W-40 diesel engine oil is formulated with high quality base stocks and balanced additive system to ensure optimum performance and protection for diesel engines requiring an API CG-4 specification. Suitable for diesel engines fitted on trucks, buses, construction or agricultural machinery for both turbocharged and normally aspirated engines operating under severe service conditions in all seasons.

Performance & Customer Benefits

- Excellent wear protection to extend engine efficiency and service life.
- High dispersant levels in oil avoids agglomeration of combustion soot.
- Good oxidation & thermal stability reduces sludge build up and keeps the engine cleaner.
- Improved fuel economy, due to high fluidity at low temperatures.
- Reduced oil consumption at high operating engine temperatures.
- Enhanced TBN reserves provide improved acid neutralization and corrosion protection, especially in old heavy duty diesel engines.
- Improved resistance to deposit formation keeps engine clean to give your vehicle maximum power under extreme operating conditions.
